The Knesset

בס"ד
20th of Elul, 5778
August 31, 2018

As we enter 5779, I would like to thank Standing Together, their volunteers and donors for more than 20 years of inspiring a generation to give thanks and appreciation "הכרת הטוב" to Israeli soldiers. As someone who served in the Israeli army and now the Knesset, I know firsthand the importance of the work that you do.

I strongly support Standing Together's activities. I know that beyond the treats, Standing Together distributes appreciation and encouragement to tens of thousands of Israeli soldiers. You have empowered them with the feeling of support and appreciation from every day citizens, the Jewish community around the world and Friends of Israel. It is this feeling of support and appreciation that motivates and brightens the soldiers' day and even more importantly it gives them something they will cherish for a lifetime.

I am pleased to know that the Israeli army and Friends of the IDF recognize, value and encourage Standing Together's active involvement in showing appreciation for the Israeli soldiers.

With blessings for a Happy, healthy and successful year to the Standing Together team, all your volunteers and donors.

,With prayers for the peace of Jerusalem

Yehudah Glick
